

The universal

The goal is to offer a board that can be used anywhere, by anyone.
The first impression when riding the **Mana** is one of comfort. The woodcore and the inverted rails give an extraordinary smooth sensation.
Pro riders will appreciate its dynamic pop, for tricks. Occasional riders love to cruise around, jump, and will notice an improvement of their level each time they ride it. It is the most **universal** board.
Available in 2 widths.

Technology: woodcore
Length: 130cm
Width: 37-39cm
Weight: 2.1-2.3kg
Fins: 4*1'75
